

OM MANE PADME HUM, OM MANE PADME HUM, OM MANE PADME HUM.

The law of vibration states a higher vibration consumes & transforms a lower vibration.

God, I AM, AMEN

God, place my ego will under the direction and protection of my I AM Presence.

God shatter and consume my past transgressions, their cause and effect, all record and memory now and forever, AMEN.

God, remove all scarcity from my feeling world now & forever, AMEN

God, see that my business prospers and grows in all economic conditions, AMEN

God, clear all health issues that affect me adversely, AMEN

God, I AM, a sun in the palace of inexhaustible light.

God, let the rain of blessings fall.

Beloved presence of God, I ask that this claim be bathed in the white fire, the violet flame, the blue lightning and the

golden light. God, I call on the Law of Forgiveness for myself and all mankind: for all mistakes, discord, problems, limitations, negative energy, human consciousness, and for straying from the Light of God. I forgive all who have ever wronged me! I call for any obstruction in my feelings to be transformed instantly, and the way to be kept open, until my Ascension, for Abundant Supply of all good things, including money; and for the Healing Power of the Glory of God's Heart to flow through my heart, head, and hands to all whom I assist in God's Name, I AM. AMEN.

God, I AM, let the deluge of blessings begin. AMEN

God, I AM, inexhaustible riches

God, I AM, overflowing forever with:

Infinite Energy

Indestructible health,

Invincible Protection

Irresistible Divine Love,

Inescapable Prosperity,

Ascended Master Consciousness,

Illumination, Freedom, and

Use of God's full Power instantly.

All this and more is freely and gladly granted me. I accept it now.

OM MANE PADME HUM, OM MANE PADME HUM, OM MANE PADME HUM. AMEN
